MESSAGE BOARD

- Currently, a balance remains on your account. If payment has been sent, please disregard this reminder.
- Effective 1/1/2007, the Market Purchased Electric Supply rate has increased from the previous month. The Distribution, Transmission, and Service Charge have increased as a result of an interim order approved by the Public Service Commission to adjust increased taxes incurred by the utility.
- Beginning in February 2007, NorthWestern Energy will discontinue its practice of mailing or delivering New Occupant Notification reminders to prompt new tenants or owners to sign up for utility service. If you are planning on moving to a new premise, call NorthWestern at least two days in advance to ensure you have service at your new address when you need it. For more details, please read the Energy Connections insert that accompanied this bill.
